N. B. There are several Bonds and Notes for small Sums in the Hands of several Persons in <i>Scotland</i> , in order to their recovering Payment of them, but for some Years I have looked upon them as desperate, and have not been able as yet to get a particular Account of them, but believe they do not in the whole exceed 3 or 400 <i>l.</i>		
N. B. The Article of 70 <i>l.</i> said to be due to me by <i>Alexander Grant</i> of <i>Grantsfield</i> , Esq; was by Mistake inserted in the above Inventory, whereas it should only be in the Inventory of my Estate in <i>September</i> , therefore must be deducted from my Estate as above		88360 19 06½

N. B. I had a Concern in a Patent with one <i>Mr. Brown</i> , for casting Cannon after a new Manner, but I believe it cost me nothing except the Charge of one Trial, and what that did amount to, or who paid it, I cannot recollect, nor do I believe it is of any Value.		

An Account of what remains of my Wife's Real and Personal Estate, as the same stood on the first Day of January 1730.

MY Wife's late Father devised by his last Will two Thirds of his Real Estate, and the Reversion on the other one Third after the Decease of *Mrs. Potts* her Mother to my said Wife in Tail; and also devised his Personal Estate to my said Wife and *Richard Bagshaw*, Esq; in Trust to be laid out in the Purchase of Lands, to be settled to the same Uses as his Real Estate was thereby devised, and the said *Mrs. Potts* was to have twenty Pounds *per Ann.* for her Life, over and above one Third of the whole yearly Produce.

Imprimis, A Farm at *Stannington* in *Yorkshire*, let at 10*l.* 10*s.* *per Ann.* which is held by a Mortgage for 174*l.* Principal Money, and a Judgment as I am informed for above 100*l.* more.

Item, A Lease for two Lives of a Farm at *Partington* in *Cheshire*, in the Occupation of *Joshua Potts* at the yearly Rent of 13*l.* 10*s.*

Item, Several Shares of Lead Mines in *Derbyshire*, which formerly at a Medium produced neat about 400*l.* *per Annum*, until the first of *July* 1730. from whence till the third of *July* 1731. they produced only 134*l.* 4*s.* 10*d.* But from the said third of

July

July to the first of January 1731, they only produced 24*l.* 10*s.* 4*d.* $\frac{1}{2}$, and from the said first of January to the first of July 1732, they have produced 33*l.* 11*s.* 9*d.* $\frac{1}{2}$ and no more, as appears from the several Accounts thereof. There is a Profit arising from smelting our own Ore, which is proportional to the Quantity of Ore raised, and from the third of July 1730. to the third of July 1731. by Estimation, for I cannot make the Account with Certainty, produced 35*l.*

Item, The Household Furniture in her House at Castleton in Derbyshire, as appraised in the Year 1725, after her Father's Death

Item, Mr. Wright of Eyam Debtor by Mortgage

500 00 00

Item, Ditto by Bond

350 00 00

N. B. This Bond is agreed to be discharged by Articles of Agreement between Mr. Wright of the one Part, and my Wife and me of the other Part, dated the seventeenth of April 1731, in Consideration of his releasing all Demands which he the said Mr. Wright had upon my Wife's Estate, and of his making over all Right or Interest which he had in or to the Newton Estate in Cheshire.

Item, Several Law Bills yet owing, and Notes of Hand, amounting to

N. B. A Part of one of the Law Bills due on Account of the Newton Estate was chargeable upon Mr. Wright, and by the above mentioned Article was agreed to be discharged, but his Proportion cannot be ascertained so as to be deducted until it is adjusted with the other Parties concerned. Also Mr. Wright's Interest in Newton Estate, agreed as above to be made over to my Wife, cannot be ascertained as to its Value until Matters are settled with Sir Charles Duckenfield, who has an Article with my Wife's Father for the Sale of that Estate, he being at that Time a Trustee for that Effect.

Item, My Obligation to Richard Bagshaw, Esq; as one of the Executors of my Wife's Father's last Will and Testament, being for so much paid out of the Personal Estate at my Desire to John Thomson in 1724, and for which I have Credit in my Accounts with him; so that it was applied to my Use, and I am Debtor for it

500 00 00

Item, South-Sea Annuities in the Name of Richard Bagshaw, Esq;

400 00 00

Item, Lead on Hand and Money

719 06 02

N. B. This Lead amounting to 693*l.* was sent to me to London in 1730, and sold for my Account by John Thomson, for the Price whereof I have Credit in my Accounts with him, for which I became indebted to my Wife's Personal Estate: But I apprehend, that from the yearly Profits due to me from my Wife's Estate at that Time, and what has accrued since, the same is or soon will be repaid.

This Account of my Wife's Personal Estate is taken from an Account thereof given by Richard Bagshaw, Esq; Executor to late Father, in his Answer to an amicable Bill in the Court of Chancery.

N. B. There are several Law Bills and Notes, &c. to a good Value, but the supposed Debtors are Insolvent, or cannot be heard of, or plead the Statute of Limitations, so that they were not judged worth laying before the Court of Chancery.

My Wife has a Lease of a small Field at Castleton, for which we pay 50*s.* per Annum, of which there are ten Years to come, and of a Smelting Mill for which we pay 5*l.* 10*s.* per Annum, which expires the twenty ninth of September 1739.

N. B. The Profits of my Wife's real and personal Estate, during this Period of Time, hath been applied towards replacing the above mentioned 693 l. which I received in Lead in 1730. from her personal Estate, except some Part thereof, which has been paid on Account of the Morven Mines, and the little which I have received as above.
